

School Director Functions and Focus

- **Strategic Implementation:** Instead of setting policies and strategic plans independently, the school director executes the board's policies and strategic plan.
- **Operational Clarity for Students and Instructors:** The school director maintains operational clarity for both students and instructors.
- **Program Oversight:** The school director manages online courses, faculty performance, and academic quality in digital and in-person formats.
- **Faculty and Staff Coordination:** The school director supervises instructors, tech support, and curriculum teams remotely.
- **Technology Management:** The school director ensures the reliability of learning platforms, digital resources, and IT systems.
- **Student Services:** The school director oversees admissions, virtual advising, and online student engagement.
- **Reporting and Compliance:** The school director provides regular updates to NBG authority and follows accreditation and regulatory requirements.
- **Budget Execution:** The school director manages day-to-day financial operations within the budget approved by the board.
- **Equitable Student Advisor Assignment:** The school director ensures that students are assigned to advisors fairly.
- **Academic and Non-Academic Misconduct Oversight:** The school director oversees processes for handling academic and non-academic misconduct.
